

## **New contract for Mtiliga**

35-year-old Patrick Mtiligas contract was to expire at the New Year, but he has now put his signature on an extension, so that his contract runs until 31.12.2017

Sporting director Carsten V. Jensen talks about the new contract:

- It is always a great thing to be able to extend a contract with an existing player in the squad, because it creates continuity. Patrick holds an important position here at FCN, and he has, in spite of a few unfortunate injuries this year, proved valuable to the team. Patrick always sets a good example for our younger players and he still has plenty to give. So we're glad for this contract extension with the "captain" and we look forward to seeing him back on the field again soon, says CV.

Patrick Mtiliga came back to Denmark and FC Nordsjælland in 2011, where he helped to win the club's first championship, and then play in the UEFA Champions League

- I appreciate the club having confidence in me, for it has been a tough year with injuries and not being able to help the team on the field. It has of course meant that I have had my concerns about what is going to happen in the future, but I still have a burning wish to play football and to make a difference on the pitch with the team. The club has an exciting new vision, which fits me also as a person, and I would also like to be a part of it. Now I am really looking forward to getting back on the pitch and being able to help my teammates and the club in the season ahead, says Patrick

Patrick Mtiliga has played 139 matches for FC Nordsjælland since his arrival in 2011.
